FCP-300

Duro-Gloss Floor Sealer & Finish

FCP-300 Duro-Gloss Floor Sealer & Finish is a high quality floor sealer/finish effective in renewing a floor's glossy shine in areas that have been dulled by repeated cleaning and mopping.

LIMITATIONS: FCP-300 is a water-based product and should not be used on outdoor surfaces. Storage stability is minimum 12 months with no jelling or separation on standing.

MIXING & APPLICATION: No mixing required. Apply directly from container. Apply FCP-300 Duro-Gloss as necessary to maintain gloss and rejuvenate worn traffic areas. The floor surface must be completely dry and clean. Using a rayon string mop, professional bar applicator or machine, apply FCP-300 in smooth, even strokes in a north/south direction. Apply FCP-300 in thin coats. Allow to dry and apply a second coat in an east/west direction. Additional coats should be added as necessary to build desired performance level. Six coatings of FCP-300 can be high speed burnished for increased shine or left unbuffed for a more subtle gloss.

COVERAGE: 1,500 to 2,000 sq. ft. per gallon.

SHELF LIFE & WARRANTY: Shelf life is one year if stored in a tightly sealed container. A limited warranty is made in lieu of all other warranties, express or implied. Any goods proven defective within one year of manufacture will be replaced. Manufacturer will not be responsible for damages in excess of purchase price. User shall determine suitability of the product for chosen application and assumes all risks for its use or handling.

SAFETY PRECAUTIONS: FCP-300 is biodegradable and non-flammable.
