FCP-200

Matte Floor Sealer & Finish

FCP-200 Matte Floor Sealer & Finish is a high quality floor sealer/finish designed to give a matte or semi-gloss appearance.

LIMITATIONS: FCP-200 is a water-based product and should not be used on outdoor surfaces. Storage stability is minimum 12 months with no jelling or separation on standing.

MIXING & APPLICATION: No mixing required. Apply directly from container. Apply FCP-200 as necessary to maintain a semi-gloss appearance and rejuvenate worn traffic areas. The floor surface must be completely dry and clean. Using a rayon string mop, professional bar applicator or machine, apply FCP-200 in thin, smooth and even strokes in a north/south direction. Allow to dry and apply a second coat in an east/west direction. Additional coats should be added as necessary to build desired performance level.

COVERAGE: 1,500 to 2,000 sq. ft. per gallon.

SHELF LIFE & WARRANTY: Shelf life is one year if stored in a tightly sealed container. A limited warranty is made in lieu of all other warranties, express or implied. Any goods proven defective within one year of manufacture will be replaced. Manufacturer will not be responsible for amages in excess of purchase price. User shall determine suitability of the product for chosen application and assumes all risks for its use or handling.

SAFETY PRECAUTIONS: FCP-200 is biodegradable and non-flammable.
